Phone: 13115698743 | Email: wangbohan13@outlook.com

EDUCATION

- Sep 2023 – Jun 2028 Accounting (Computer Science and Technology) Jilin University (985)
- **GPA: 3.19/4.0**
 - **Core Coursework:** Advanced Financial Accounting, Financial Management, Economic Law, Auditing, Taxation Law, **Information Analysis (97)**, **Corporate Governance (91)**.
 - **Honors:** University Second-Class Scholarship

INTERNSHIP EXPERIENCE

Hualin Securities | Finance Intern

Jul 2026 – Sep 2026

- **Semiannual Report Preparation & Disclosure Support:** Contributed to the financial section of the **2026 semiannual report**; classified and updated note items for **accounts receivable, other assets, accounts payable, and other liabilities** based on year-end working papers and period-end details; extracted revenue, profit, and segment information; completed main-statement and note data entry and cross-checks; and participated in reviewing **financial statement notes** to verify consistency across disclosures, financial statements, supporting schedules, and system data.
- **Management Accounting & Ledger Processing:** Entered **allocation journal vouchers** into the securities firm's management accounting ledger; allocated expenses and related items across management dimensions under established allocation rules; reconciled the logic between the **base ledger and management ledger**; and developed a practical understanding of differences between statutory accounting and internal management reporting, including **cost and expense attribution** and management accounting processes.
- **Financial Data Preparation & Statement Reconciliation:** Supported routine financial data queries, exports, and organization; extracted detailed data from **Yonyou** and business accounting ledgers; reformatted **balance sheet, income statement, and cash flow statement** data for tax and internal management reporting; and checked **cross-statement linkages and unusual variances** to strengthen multi-source financial data reconciliation and reporting accuracy.
- **Tax & Invoice Administration:** Supported the reconciliation of **VAT special-invoice registers** for headquarters and branch offices; organized **input VAT invoice data** identified by the digital operations platform and reconciled it against the **trial balance**; re-extracted and traced anomalous data for missing files and inconsistencies between system records and ledger records; and assisted in closing identified input VAT discrepancies.

Baker Tilly China | Confirmation Center Intern

Jan 2026 – Feb 2026

- **End-to-End Confirmation Management:** Independently managed the full confirmation process for **30+ enterprises** under the **Qinghai Salt Lake** engagement, including issuance, follow-up, returned-confirmation verification, and exception handling, achieving a confirmation recovery rate above **95%**; also supported confirmation work for multiple entities under the **Shanghai Baoshan** engagement.
- **Data Processing & Efficiency Improvement:** Used advanced Excel functions (**VLOOKUP, XLOOKUP, COUNTIF**, etc.) to batch-process confirmation data; designed an automated extraction template that improved returned-confirmation data-entry efficiency by **40%**; and used **DeepSeek** to write **VBA** macros for batch file renaming and data cleaning.
- **Confirmation System Operations & Technical Support:** Proficiently used **Baker Tilly China's confirmation management system**; monitored confirmation progress for **10+ engagements** daily, identified and handled exception tickets, and drove closure of complex confirmation issues; coordinated through **WeCom** groups to respond to internal and external inquiries and facilitate document submission.

- **Intelligent Tool Applications:** Participated in building a **Dify-based confirmation knowledge base** for intelligent matching and responses to frequently asked questions; explored the use of **RPA** and **OCR** for confirmation information recognition and assisted in testing automated workflows.

PROJECTS & CAMPUS EXPERIENCE

IPO Earnings Management Research — Audit Supply Capability & Earnings Quality | Project Lead

Mar 2026 – Jun 2026

- Analyzed A-share IPO companies from **2011–2024**, using the **Modified Jones Model** to measure **AbsDA** and constructing variables including **auditor industry specialization** and **audit firm size**.
- Completed the literature review, variable definitions, **baseline regression**, **moderation analysis**, **instrumental-variable design**, and **mechanism tests**, strengthening audit professional judgment and empirical data analysis capability.

FinanceDoc AI — Financial Document Intelligence & Risk Review System

Apr 2026 – Jul 2026

- Built a **Streamlit-based** financial document analysis tool supporting **financial summaries**, **key metric extraction**, rule-based risk identification, **RAG Q&A**, and **audit working-paper export**, demonstrating the integration of audit workflows and AI tools.

Undergraduate Innovation & Entrepreneurship Training Program | Project Lead

Oct 2025 – Apr 2026

- **Full-Cycle Project Management:** Led a **five-member team** on a **national-level undergraduate innovation project**; drove research-framework design and theoretical mechanism development, created the project timeline and team division of responsibilities, and completed the project proposal and defense presentation on schedule and to a high standard.
- **Core Variable Construction & Text Mining:** Independently designed the measurement approach for the core explanatory variable, **AGI adoption**; built a dedicated keyword dictionary based on AGI literature (e.g., Burnell et al., 2026) and used **Python** to batch-scan and conduct word-frequency analysis on the Management Discussion & Analysis (**MD&A**) sections of annual reports for Shanghai and Shenzhen A-share listed companies from **2020–2026**, constructing a firm-level **AGI adoption** intensity measure.
- **Data Processing & Empirical Analysis:** Used **Excel** and **Stata** to process large-scale financial and governance data from **CSMAR**, **Wind**, and **CNRDS**; applied **VLOOKUP** and **XLOOKUP** for multi-table matching and data cleaning; independently completed Stata programming and regression analysis for panel fixed-effects models, moderation models, two-stage least squares (**2SLS**) instrumental-variable estimation, and the **Heckman two-step method**.

University Public Management Committee, Rights Protection Dept. & School MM Organization Dept. | Department Head

Sep 2025 – Present

- **Recruitment Coordination:** Led recruitment and designed a resume-screening + situational-interview process; reviewed **80+ applications** within one week, organized **two interview rounds**, and admitted **15 new members**, efficiently completing team formation.
- **Event Planning:** Coordinated event planning and execution, assigned responsibilities, and delivered **six events** reaching **200 students**; coordinated **10+ team members** to ensure smooth execution.

SKILLS / ADDITIONAL INFORMATION

- **Audit & Finance:** **Yonyou**, confirmation workflow, returned-confirmation verification, financial data preparation, audit working-paper awareness, financial statement fundamentals, **earnings quality analysis**.
- **Data Processing:** **Advanced Excel functions**, **PivotTables**, **Power Query**, basic **SQL** queries, **SPSS**, basic **Stata**, multi-table matching.
- **AI & Automation:** **DeepSeek** / **ChatGPT** / **Claude**, prompt design, **VBA-assisted automation**, **Dify** knowledge base, **OCR/RPA** application exploration.
- **Languages:** **CET-4 533** / **CET-6 517** / **IELTS 6.0 (Reading 7.0)**; able to read English financial and audit-related materials.
